THREE PILLARS. ONE SCORE.

The Dad Health Score reflects how you are actually living, not how much you use the app. Log any workout, any time with the kids, any conversation that helped.

MIND

A 1-minute daily check-in, a breathing reset when you need it, and a journal that stays yours.

BODY

Workouts built around your day, a meal planner, and credit for whatever training you already do.

BOND

Present Dad Mode, Dad Days out, cooking together. The time with your kids counts.

EVERY DAY, THREE STEPS

01

CHECK IN

Three honest questions. One minute. Your Mind score updates straight away.

02

SEE YOUR SCORE

Mind, Body and Bond out of 100, with the one that needs you most flagged.

03

DO ONE THING

Not a to-do list. One action for today, then get on with your life.
