HOW IT WORKS

# ONE SCORE. THREE PILLARS.

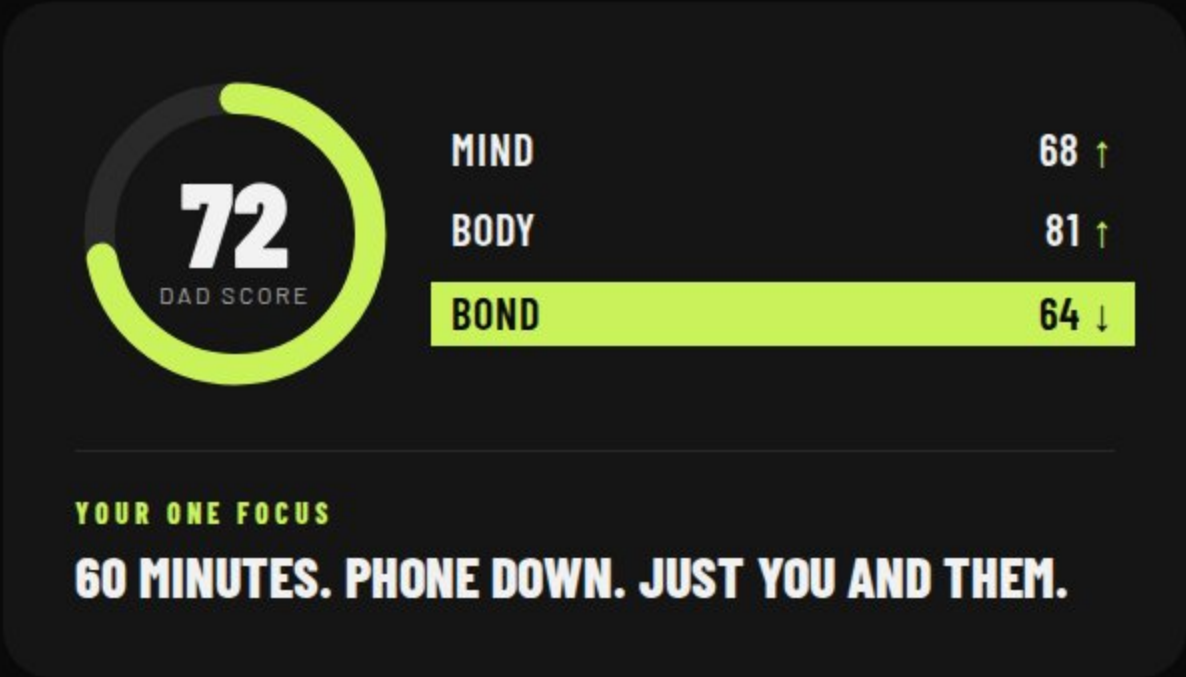

The Dad Health Score shows how you are doing across Mind, Body and Bond, then gives you one thing to do today.

THE DAD HEALTH SCORE

## HOW YOU ARE ACTUALLY LIVING.

Your score is a number out of 100 built from your Mind, Body and Bond pillars. It reflects your real life, not how much you use the app, so a CrossFit session, a bedtime routine and a call to a friend all count.

Each pillar shows a week-on-week arrow. The lowest one is flagged, and that is where your one focus for today comes from.

WHAT SITS BEHIND EACH PILLAR

### MIND

- A 1-minute daily check-in that updates your Mind score
- Breathing reset (4-4-4) when you need it
- Journal that stays yours
- Crisis support always one tap away
- Log therapy, meditation, time with a friend

### BODY

- Workouts built around your day
- Meal planner and TDEE calculator
- Log any workout: CrossFit, running, football, yoga and more
- Progress that reflects real training

### BOND

- Present Dad Mode: 60 minutes, phone down
- Dad Days: ideas for days out
- Cook Together
- Log any quality time, including calls and FaceTime

## LOG ANYTHING. IT ALL COUNTS.

You do not have to use Dad Health workouts to score well. Log what you actually did, for free, whenever you did it. Pro adds the trend history.

DAD HEALTH FOR BUSINESS

# LOOK AFTER THE DADS ON YOUR TEAM.

Dad Health is the mental health, fitness and parenting app built for fathers. Give your working dads full Pro access as a staff benefit, and see how the team is doing without ever seeing who is who.

BOOK A CALL

SEE HOW IT WORKS

## A BENEFIT DADS WILL ACTUALLY USE

Most wellbeing perks are built for everyone, so many men never touch them. Dad Health speaks to fathers directly, in a few minutes a day.

### MIND

Breathing resets, guided reflection, daily check-ins and a journal, with support one tap away.

### BODY

Workouts built around his time and equipment, and any activity he already does can be logged.

### BOND

Days out, cooking together and Present Dad Mode: sixty minutes, phone down, just him and his kids.

## REAL INSIGHT. ZERO SNOOPING.

Dads only use a tool like this if they trust it. So your team's data stays theirs, and you get the picture without the detail.

- ✓ Team-level averages for Mind, Body and Bond
- ✓ Seats used and engagement over time
- ✓ Month-by-month trends for HR and leadership
- ✓ Nothing shown until a group is large enough that no one can be identified

### WHAT YOU NEVER SEE

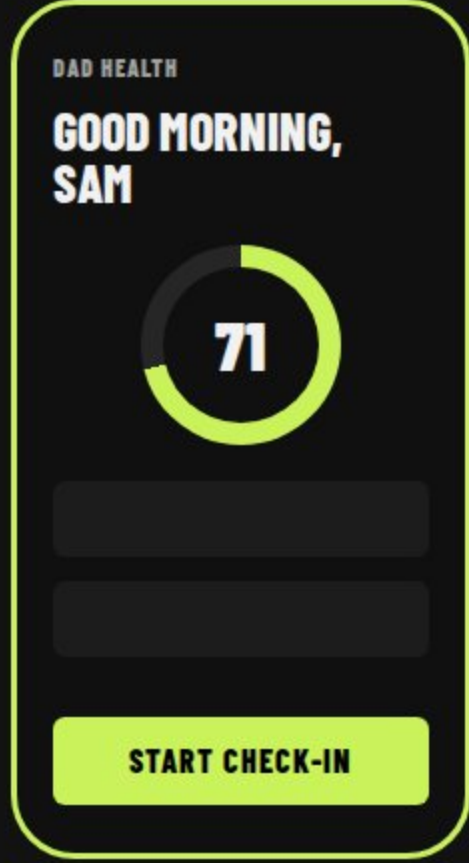

An employer cannot see any individual dad's:

- × Check-ins, mood or journal entries
- × Scores or activity logs
- × Name against any result

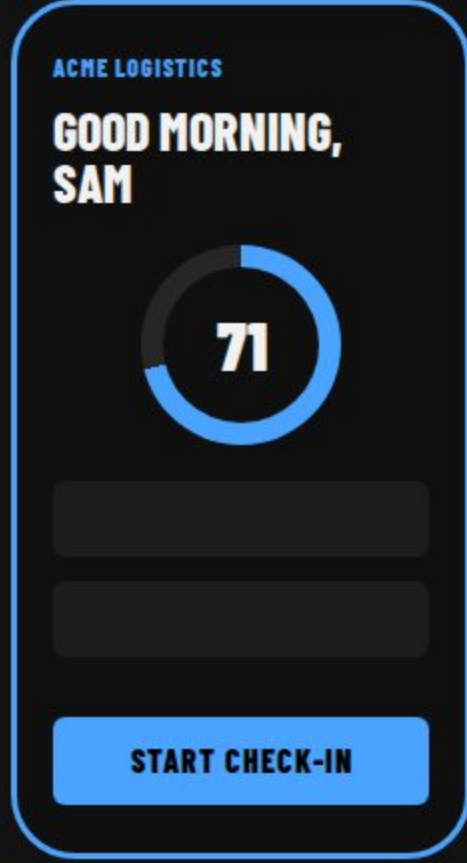

Dads are told this in the app when they join with their company code.

## YOUR OWN VERSION OF DAD HEALTH

For organisations with 100 or more eligible sign-ups we can put your name on it: your logo, your colours and a welcome from your team.

Standard

Branded for your company (illustrative)

## HOW IT WORKS

### 1 WE TALK

A short call to understand your team and pick the right plan.

### 2 WE SET YOU UP

Your company code, your dashboard and, on the branded plan, your look and feel.

### 3 DADS JOIN

They download the app, enter your code and get Pro. Existing members are added under the email they already use.

### 4 YOU SEE THE PICTURE

Anonymous team insights, updated as your dads use the app.

## WHEN A DAD MOVES ON, HIS PROGRESS GOES WITH HIM

If someone leaves your company, he is offered the chance to move to his own personal Dad Health account and carry on, and we guide him through it in the app.

### 1 WE GET IN TOUCH

Your company lets us know when a dad leaves. We contact him, explain his options and talk about staying on.

### 2 WE WALK HIM THROUGH IT

A few simple screens move him to a personal account. His score, streak and history come with him.

### 3 HE CARRIES ON

He continues on his own subscription. If he would rather not, he keeps a free account.

## PRICING

Priced per employee, tailored to your organisation. All plans run for a minimum of 12 months.

From 25 eligible sign-ups
